THE GERMAN MASTER

LEVEL A

AMSTRAD

An invaluable learning aid for beginners, O-level and CSE students. The cassette includes a tuition control program and a comprehensive series of lessons, each covering a different subject in vocabulary or grammar. Individual lessons may be loaded and used in a variety of self-paced learning and test modes. All words and phrases are displayed complete with accents and special characters and gender learning is assisted by colour coded displays. Simple commands enable users to create and edit an infinite number of new lessons which may then be saved on tape for later use.
